This *e-Book* is the first-ever addressing Tax Issues of Qatari-Italian dealings in a bilateral perspective.

The main purpose is offering the Italian (and, widely speaking, non-Qatari) investors an overview of the Qatari tax system and, vice-versa, Qatari (and, in wider terms, non-Italian) investors a glimpse of the Italian tax system.

This *e-Book* is the result of the great efforts of the Authors, most of them Members of the JIACC Tax Commission. My gratitude goes to all of them and to *Foglia & Partners* for sponsoring our publication.

It is, also, the outcome of the JIACC ‘vision’ that taxation in Arab States is increasingly a key factor for MNEs and, especially, for Italian MNEs.

This led, in Spring 2018, the JIACC Board to establish a Tax Commission and, since then, we have been delivering regularly Newsletters and Tax Insights, organising events and our Tax Commission steadily begun one of the most important network for Tax Experts around the GCC (counting now around 45 Members).

A special thanks goes to President Cesare Trevisani and vice-President Pietro Paolo Rampino for asking me to lead the Tax Commission and supporting our initiatives.

Roberto Scalia

JIACC Tax Commission Chairman
